DWD.WISCONSIN.GOV

10

Statutory Minimum Ratings

- Assumptions
 - Excellent surgical outcome
 - No prior disability
- Other elements of disability, if present, shall result in a higher estimate, including:
 - Pain
 - Weakness
 - Activity limitations
 - Altered sensation
 - Unstable grafts

DWD.WISCONSIN.GOV

11

Amputations DWD 80.32(2)

- Involves upper extremity proximal to the wrist or lower extremity proximal to the ankle
- Stump can accommodate prosthesis
 - Equals amputation at midpoint between the joints distal and proximal to injury
- Stump cannot accommodate prosthesis
 - Equals amputation at the more proximal joint

DWD.WISCONSIN.GOV

12

Amputation Example

- Below the knee amputation (BKA):
 - If amputation cannot accommodate a prosthesis = 425 weeks (knee)
 - If amputation can accommodate a prosthesis
 $425 \text{ weeks (knee)} - 250 \text{ weeks (ankle)} = 175 \text{ weeks}$
 $175 / 2 = 87.5 \text{ weeks}$
 $250 \text{ weeks} + 87.5 \text{ weeks} = 337.5 \text{ weeks}$
